

## **6.3 CHECKPOINT - THE PROGRESSIVE ERA**

### **SHORT ESSAY**

Choose one of the following prompts to which you will write a short essay:

1. Choose one president who held office during the Progressive Era and explain three things he contributed to reform and why each was effective.

Charles arthur made congress to pass a law the penelment act. The people will be test before they get there jobs. Instead for the job being given to you. Pivtive vote.

2. Describe the working environment for employees and the condition of factories during the Progressive Era and then explain some of the methods used to improve these situations.

Replace this text with your essay. Delete the question you ***aren't*** answering. When finished, save as PDF and upload it to your/my wiki and place a link on your student page to it. ***Remember to change the filename to include your name.***

The working environment for employees was very bad because the machine had not safety stuff on them. The condition of factories during the Progressive Era was very bad because a lot of people seat in a little room whit hundred of people with no AC that is why they called them sweat shop. The methods used to improve these situations was shorter hour more pay.
